

TANDER JSC OWN PRODUCTIONS

RUSSIA | KRASNODAR CITY | 2020

Own production of Tander JSC consists of 5 companies, which includes 11 food and 4 agro production located in different regions of Russia and have been doing business since 1999.

At each of our enterprises the quality control of both input raw materials and output control of finished products is carried out, the food safety management system based on HAASP principles is implemented. Our Research & Development direction ensures constant replenishment of our assortment with high quality products that meet the current market demands.

Products of our company have repeatedly become winners of prestigious Russian and international competitions. We take part in profile exhibitions of international level, and our products are delivered to the countries of EAEU, Africa, Asia and Middle East besides Russia.

Our commercial team is in constant contact with our partners, providing the highest level of service. For example, you can buy all our products from 5 producers by signing one contract and working with one personal manager assigned to you.

By signing a contract with us, you get more than just a supplier of high quality food products - you get a reliable partner with whom you will succeed.
